Parent Company Name
Logix Communication Corporation

Service Provider Name
Dobson Telephone Company, Inc.
&
Dobson Telephone Company, Inc. d.b.a. McLoud Telephone Company

Company Address, City, State, Zip
402 East Broadway Ave.
McLoud, Ok 74851

Service Provider Type ☐ Wireless ☒ Wireline

Name(s) of Wireless License Holder(s)
N/A

Contact Name
Dean Hill

Contact Tel #
(405) 964-8121

Fax #
(405) 964-8686

E-mail Address
dean.hill@logixcom.com

**Section 2
Local Area 911 Implementation**

s List all individual local areas covered by this report (e.g., Lee County, Virginia):

Geographic areas identified by NENA and listed in appendix D of the Commissions *Fifth Report and Order*.

Roger Mills County, Oklahoma

Woodward County, Oklahoma

Dewey County, Oklahoma

Additional geographic areas identified by Carrier not listed in appendix D but served by Carrier and has no 911 services.

Custer County Oklahoma

Beckham County Oklahoma

Ellis County Oklahoma

Hemphill County Texas

Wheeler County Texas

Geographic area served by McCloud Telephone Company

Lincoln County Oklahoma

(a) For each area listed above, identify the emergency response point to which 911 calls will be routed.

At this time no PSAP exist for these Counties nor has a local authority been established to accept 911 calls. The Oklahoma Telephone Association is working with the Governor's office for the establishment of a statewide or local response point.

(b) For each area listed above, provide details of the carrier's progress in completing translation and other work necessary to route 911 calls to the identified emergency response point.

Pending establishment of a County/Local PSAP or state wide answering point no progress has been made or can be made in completing translations. However the following information has been gathered:

Roger Mills County has voted in 911. Southwest Oklahoma Development Authority (SWODA) is the coordinator for this project. We have met with them but at this time no answering point has been identified nor has a timetable for completion been established.

Custer County has voted in 911 Southwest Oklahoma Development Authority (SWODA) is the coordinator for this project. We have met with them but at this time no answering point has been identified nor has a timetable for completion been established.

Beckham County has voted in 911. Southwest Oklahoma Development Authority (SWODA) is the coordinator for this project. We have met with them but at this time no answering point has been identified nor has a timetable for completion been established.

Dewey County has not voted on 911.

Woodward County has not voted on 911.

Ellis County has not voted on 911.

Hemphill County (Texas) has 911. We have been contacted on how to handle calls. (See section 3)

Wheeler County (Texas) has 911. We have been contacted on how to handle calls. (See section 3)

Lincoln County (served by McCloud Telephone Company) a portion of Lincoln County has 911 services. The geographic area served by McCloud Telephone Company does not offer 911 services.

(c) For each area listed above, provide the date or projected date that transition to the 911 abbreviated dialing code will be completed.

No date can be projected until answering point has been established and call-processing type has been identified.

Section 3 911 Implementation Problems

(a) Describe any problems the reporting carrier has encountered in identifying 911 number call routing points. Describe any other operational problems carrier has experienced during the initial transition stages.

The lack of established PSAP's or statewide answering point severely hampers our ability to clearly identify the scope of the project for each County. Until a call processing point is established issues related to; trunking, call processing, potential toll charges to end user and carrier cost recovery remain points of contention. Also liability is a concern where no Governing body is involved. The following is a county by county break down of calling- options:

1. Roger Mills County Sheriff's Office. For three (3) of our exchanges this is a toll free call. We can route 911 to the Roger Mills Sheriff's Office local number. For two (2) two of our exchanges this is a toll call. One (1) of the three (3) options below would need to happen.

a. The sheriff's office to set up a remote call forwarded number and pay for these calls as long distance calls.

b. The sheriff's office to get an 800 number to route to these exchanges.

c. The person making calls would pay for a toll call to the sheriff's office.

2. Custer County Sheriff's Office. For our exchanges this is a toll call to the sheriff's office. One of the three options below would need to happen.

a. The sheriff's office to set up a remote called forwarded number and pay for all these calls as long distance calls.

b. The sheriff's office to get an 800 number to route to for these exchanges.

c. Have the person making these calls pay for a toll call to the sheriff's office.

3. Beckham County Sheriff's Office. For our exchanges this is a toll call. One of the three options below would need to happen.

a. The sheriff's office to set up a remote called forwarded number and pay for these calls as long distance calls.

b. The sheriff's office to get an 800 number to route to for these exchanges.

c. Have the person making these calls pay for a toll call to the sheriff's office.

4. Dewey County Sheriff's Office. For one of our exchanges this is a toll free call. We can route 911 to the Dewey Sheriff's Office local number. Dewey Sheriff's Office for three of our exchanges is a toll call. One of the three options below would need to happen.

a. The sheriff's office to set up a remote called forwarded number and pay for theses calls as long distance calls.

b. The sheriff's office to get an 800 number to route to for these exchanges.

c. Have the person making these calls pay for a toll call to the sheriff's office.

5. Woodward County Sheriff's Office. For our exchanges this is a toll call. One of the three options below would need to happen.

a. The sheriff's office to set up a remote called forwarded number and pay for these calls long distance.

b. The sheriff's office to get an 800 number to route to for these exchanges.

c. Have the person making these calls pay for a toll call to the sheriff's office.

6. Ellis County Sheriff's Office. For our exchanges this is a toll call. One of the three options below would need to happen.

a. The sheriff's office to set up a remote called forwarded number and pay for all these calls long distance.

b. The sheriff's office to get an 800 number to route to for these exchanges.

c. Have the person making these calls pay for a toll call to the sheriff's office.

7. Hemphill County (Texas) Sheriff's Office. For our exchanges this is a toll call. We would need one of the three options below to happen.

a. The sheriff's office to set up a remote called forwarded number and pay for these calls long distance.

b. The sheriff's office to get an 800 number to route to for these exchanges.

c. Have the person making these calls pay for a toll call to the sheriff's office.

8. Wheeler County (Texas) Sheriff's Office. For our exchanges this is a toll call. One of the three options below would need to happen.

a. The sheriff's office to set up a remote called forwarded number and pay for these calls long distance.

b. The sheriff's office to get an 800 number to route to for these exchanges.

c. Have the person making these calls pay for a toll call to the sheriff's office.

9. Lincoln County (McCloud Telephone Company) Sheriff's Office. For our 964 exchange within Lincoln County this would be a toll call. One of the four options below would need to happen.

a. The sheriff's office to set up a remote called forwarded number and pay for these calls long distance.

b. The sheriff's office to get an 800 number to route to for these exchanges.

c. Have the person making these calls pay for a toll call to the sheriff's office.

d. Receive authorization or direction from governing body to direct 911 calls for those subscribers within Lincoln County to the PSAP used for 964 customers within neighboring Pottawatomie County.

(b) Where the reporting carrier has experienced 911 implementation problems, describe any efforts the carrier has made to coordinate with public safety agencies and state and local authorities.

We are cooperating fully with SWODA in the planned implementation of 911 services for Roger Mills, Custer and Beckham Counties.

Section 4

Certification - To be signed by an authorized representative of the reporting entity

☒ I certify that I am an authorized representative of the above-named reporting entity, that I have examined the foregoing report and to the best of my knowledge, information and belief, all statements of fact contained in this form are true and accurate statements of the affairs of the above-named company.

☐ I certify that I am an authorized representative of the above-named reporting entity, that I have examined the foregoing report and to the best of my knowledge, information and belief, all statements of fact contained in this form are true and that the reporting entity has completed the steps necessary to properly route 911 emergency calls in the localities covered by the report as of _____.
